## Software Developer

## PROFESSIONAL SUMMARY

Proactive and detail-oriented software developer with a solid foundation in front-end development and experience optimizing business workflows. Skilled in leveraging modern technologies like Laravel, React, and Tailwind CSS to enhance functionality, scalability, and user experience. Strong collaboration skills and a proven track record of resolving complex coding issues, resulting in measurable performance improvements.

## TECHNICAL SKILLS

**Programming Languages:** JavaScript, PHP, HTML, CSS

**Frameworks & Tools:** Laravel, React, Tailwind CSS

**Version Control:** Git, GitHub

**Software Tools:** QuickBooks, Debugging Tools

**Testing:** Writing and executing comprehensive tests for reliability and performance

## PROFESSIONAL EXPERIENCE

### Front-End Web Developer

Mutable Tech – Nairobi, Kenya

**March 2024 – July 2024**

Developed and optimized front-end components using React and Tailwind CSS, increasing scalability and efficiency by 20%.

Collaborated with design and development teams to ensure seamless integration of custom applications, enhancing software stability.

Resolved 80% of reported front-end issues, reducing bug reports by 60%.

Wrote and executed over 10 comprehensive tests, improving software reliability and load times by 25%.

## **Front-End Web Developer**

Rawlinz Designs Limited – Juja, Kiambu, Kenya

### **August 2023 – February 2024**

Contributed to frontend web development using Laravel, enhancing functionality and user interface, leading to a 40% improvement in user engagement.

Managed and updated the company's codebase on GitHub, streamlining version control and facilitating cross-team collaboration.

Debugged and resolved 50+ critical code issues, optimizing workflows and reducing manual entry errors by 30%.

Installed and customized user-specific applications like QuickBooks, ensuring smooth operations for clients.

## **EDUCATION**

**Zetech University – Nairobi, Kenya.**

**Bachelor of Science in Information Technology**

**September 2021 – August 2024**

## **PROJECTS**

Custom App Development: Successfully drafted and implemented software solutions for 3+ major projects, enhancing collaboration and deployment processes.

User Experience Optimization: Improved UX metrics by 10% by resolving critical front-end issues and reducing load times by 15%.

## **KEY ACHIEVEMENTS**

Reduced bug reports by 60% through efficient debugging and troubleshooting practices.

Increased user engagement by 15% through seamless front-end optimization.

Delivered bug fixes within 24 hours, improving performance and client satisfaction.
