SOFTWARE DEVELOPER - REACT NATIVE SPECIALIZATION

PROFESSIONAL SUMMARY

Results-driven Software Developer with a strong foundation in front-end and full-stack development. Proficient in building and deploying mobile and web applications using React, React Native, Flutter, and Laravel. Skilled in performance optimization, UI/UX design, and cross-platform development. Passionate about delivering high-impact mobile solutions, enhancing digital experiences, and contributing to collaborative tech projects. Currently seeking React Native developer roles where I can leverage my mobile development skills to build innovative user-centric applications.

TECHNICAL SKILLS

- Programming Languages: JavaScript, TypeScript, PHP, Python, HTML, CSS

- Frameworks & Tools: React, React Native, Flutter, Laravel, Tailwind CSS

- Version Control: Git, GitHub

- Software Tools: QuickBooks, CorelDraw, Illustrator, Photoshop

- Others: Network Administration, Hardware Support

PROFESSIONAL EXPERIENCE

Information Technology Intern

West Kenya Sugar Co. Ltd (Kabras Sugar)

January 2025 - Present

- Managed and maintained IT infrastructure, ensuring optimal performance and security.

- Provided support for network administration, including switch configuration and troubleshooting.

- Diagnosed and resolved computer hardware and network security issues.

- Performed hardware installation, troubleshooting, and maintenance for desktops, laptops, and network devices.

- Offered printer support, including printer fleet management and troubleshooting.

- Conducted hardware diagnostics to identify and resolve system failures.

- Assisted in IT hardware support, ensuring minimal downtime for end-users.

- Implemented and enforced network security best practices.

IT Tutor

Nima College - Ngong Town

September 2024 - December 2024

- Taught Graphics Design, Fundamentals of ICT, and Computer packages.

- Prepared CATs and final exams for ICT students.

- Managed the ICT Laboratory.

Front-End Web Developer

Rawlinz Designs Limited - Juja, Kiambu, Kenya

August 2023 - February 2024

- Contributed to front-end web development using Laravel, enhancing functionality and user interface.

- Managed and updated the company's code-base on GitHub.

- Debugged and resolved 50+ critical code issues, optimizing workflows.

- Installed and customized user-specific applications like QuickBooks.

EDUCATION

Zetech University - Nairobi, Kenya

Bachelor of Science in Information Technology

September 2021 - August 2024

PROJECTS

Book Review App (React Native)

https://github.com/KubasuIvanSakwa/Book-review-app

Developed with React Native and Expo. A mobile app that allows users to browse and review books.

Implemented navigation, offline storage, and responsive design.

Portfolio Site

https://kubasuivansakwa.vercel.app

Built with React and GitHub API to showcase personal and open-source projects.

Loncy Consultancy Landing Page

https://loncyenv.vercel.app

Created using Flowbite and React, featuring a modern, responsive UI with reusable components.

The Wall of Projects

https://the-wall-of-projects-react.netlify.app

Developed in React, a platform for sharing and viewing software projects.

KEY ACHIEVEMENTS

- Successfully installed and configured network switches.

- Reduced system downtime by 40% through diagnostics and hardware support.

- Provided IT support and maintained system reliability.

- Delivered network security improvements to protect against threats.

- Created front-end interfaces for Laravel projects.

- Taught ICT and design software at college level.
